

The mission of Rolling Hills Hospital is to deliver *quality* behavioral health care treatment. Our goal is to be *responsive* to the growing demands of the mental health community; and through our *leadership* and *expert* staff, provide *compassion* and *excellence* to all we serve. Our mission isn't just words, it sets the tone for everything we do and everyone we interact with internally and externally.

We use solution-focused strategies and diligently strive for a safe and positive environment for patients, families, and employees. We never forget that we provide care and comfort to people in need. We offer the following programs:

- Adolescent Treatment Program
- Adult Psychiatric Program
- Adult Intensive Treatment Program
- Adult Detoxification Treatment Program
- Older Adult & Geriatric Program
- Inpatient & Outpatient Electroconvulsive Therapy
- Partial Hospitalization Program
- Intensive Outpatient Program

### **Confidentiality Issues**

Patient privacy is of utmost importance to us and therefore we take the necessary precautions to keep patient information confidential. Each patient is provided a patient code number. Patients can release this code to family and/or friends whom they wish to contact them and get updates during their stay at Rolling Hills. Without this patient code, access to the patient will be denied due to confidentiality.

**PATIENT CODE NUMBER:**

### **Visitation & Phone Calls**

- All visitors are asked to **arrive 15 minutes prior** to the scheduled visitation times to check in at the front desk. There is a **limit of 4 visitors** as designated by the patient, **with a maximum of 2 visitors at a time**. For safety reasons, visitation is limited to persons age 16 and older.
- Visitation rights may be restricted based on infringement of others' rights, safety, or is medically or therapeutically contraindicated.
- Please do not make incoming calls to Adult patients as they will be able to make personal calls during designated phone times.
- To help ensure a safe environment for treatment, food or contraband is not allowed in the hospital setting. Cell phones and cameras are not allowed due to patient confidentiality.
- Visitors are asked to leave all personal items in their vehicle. Purses, billfolds, pocket knives, cigarettes, lighters, keys, flowers, candy, and stuffed animals are not allowed.

## Smoking Policy

Rolling Hills Hospital promotes the benefits of a smoke-free environment and prohibits smoking on its premises. We provide smoking cessation tools.

## Treatment Goals

The staff of Rolling Hills Hospital believe in and strive to maintain a total therapeutic environment through an individualized treatment approach for each patient and family. Comprehensive treatment-oriented activities are provided by a multi-disciplinary staff. Clinical staff provide group therapy, family therapy, and activity therapy. The patient's symptoms, strengths, family support and discharge needs provide the basis for care from admission to discharge.
